

Vanda provides solutions that can significantly increase your operational efficiency. Now you can truly spend less time with paperwork and focus on your patients.

Testimonial

"We have been very pleased with the service received when we've needed to call for support, even if its been a really silly question."
- Ms Lim, nursing assistant

"Your software is a much more user friendly system for a non technical user."
- Dr Leong, an eyes specialist

"When I show it to my friends who paid 10 times more for their software, they turn green with envy."
- Dr Chua, a general practitioner

"I have worked in various clinics before I opened my own. I've seen clinic software that costs more than \$10,000 but didn't work out. I have been using Vanda in my own clinic since 1997. So far it never fails me, nor any of my clinic staffs. I highly recommended it."
- Dr Kee, a surgeon

Clinic Management Systems

Your Best Clinica Assistant

"Vanda is great help in my clinic's daily operation. The inventory control as well as patient's appointment alert are true indispensable."

- Dr Tan, a specialist

Vanda is a **Clinic Management Systems** that can be used by doctors, nurses, pharmacist, dispensers or whoever holds a operational or managerial post in the clinic.

Vanda records and maintains series of information related to patient's medical and service history. It also provides analytic reports for clinic management concerning inventory, income and customer relationship management.
