Supported Devices

Managed Care Organisation

Plan and Policy Master setup

- Identify details for Service Type, Max Visit, Max Amount, Duration By Days
- Clarify the Policy Year, Policy Plan

Company category and their specific limitation

- Easily define Company Panel, Insurance Company, Managed Care Organisation
- Setup Claim info, such as Consultation Fees, Max Per Visit, Registration Reminder, Entitlement

Patients/Members status checking

- Online instant checking the status and availability of Patients/Members
- Thus with our SMS/Email alerts the customers/patient would be alerted thus it saves time and improves attendance.
- Customers/ patients would have greater satisfaction and this reduces administration and communication cost. Staffs can focus more on more important task.

Insurance claims

- Able to approve instant claim submission
- View status of claims immediately
- Record and keep track of Insurance Payment
- Reduces human error and able to save and store data
- Thus lesser paperwork and data can be easily found by filter.
